EHDU20

CREATING A CYCLE OF mobility

Inseam Range: 23" - 29"

Arm Length Range: 20" - 30"

The EHDU20 is our largest upright handcycle designed for riders 14 years old and up. Thanks to its adjustability, this model can take riders with diagnoses affecting the lower extremities from their teen years through to adulthood and is a great model to enjoy the therapeutic and recreational benefits of handcycling.

EHDU20 MODEL SPECIFICATIONS	
Rider Age	14+
Max Load (lbs)	225
Bike Weight (lbs)	65
Height	44"
Total Length	67"
Bike Width	35"
Step-Through Height	16"

Measurements Include Rear Steering Handle and High Back Seating

Sizing Guide: Inseam 23" - 29"

Arm Length: 20" - 30"

Tips For Choosing an Adaptive Bike

1. Measure Arm Length

To properly size the rider on a handcycle we recommend measuring the rider's arm length. Measure from the palm to the back of shoulder and provide the dimensions below. If a hand and foot propulsion bike is required, we also ask for the rider's leg inseam. For the leg inseam, measure the distance between the bottom of the rider's heel to the top of the rider's inner thigh.

2. Know Your Accessories

We offer many different accessories to help people of all abilities experience freedom. Make sure to look through all of our available accessories to make sure the adaptive bike will work for the rider. More information on all of our accessories is available at: www.freedomconcepts.com/product-lines/adaptive-bikes/accessories/

3. We Do Custom

If none of our current models of adaptive bicycles work for you, we are able to custom build a bicycle that will. Please contact us at 1-800-661-9915 for more information.

RIDER INFORMATION

Rider's Name: _____ Male | Female | Height: _____ Inches _____ cm

Date of Birth: _____ | Weight: _____ Lbs _____ Kgs

Seating System

Please Fill Out Either The Child Set Up or The Adult Set Up
Please note that all seat bases come with a seat belt and all highback backrests come with a chest strap

Child Seat	12.5" width, 12.5" depth
Child High Back	13" width, 18" height
Child Low Back	13" width, 7.5" height
Adult Seat	16.75" width, 14" depth
Adult Low Back	18" width, 10" height
Adult High Back	18" width, 18" height

The 2" raised pommel keeps riders further back in their seats while helping with stability and promotes leg abduction.

A narrow seat aids in clearance and in pass-through. Adult seating is not available with a Narrow Frame.

The bench seat is standard on all handcycle models without foot drive.

CHILD SET UP

Back Rest

- Child Bench Seat** (6114113) (N/C) *Not Suitable with foot drive
